

# Federal 8 Hour Ozone Designation Areas and Classifications

\*The Clean Air Act (CAA) title I, part D contains two sets of provisions, subpart 1 and subpart 2, that address planning and control requirements for nonattainment areas. Subpart 1, which we refer to as "basic" nonattainment, contains general, less prescriptive, requirements for nonattainment areas. Subpart 2, which we refer to as "classified" nonattainment, provides more specific requirements for ozone nonattainment areas.
